Washington Schools Risk Management Pool (WSRMP) Expands Partnership with Scenario Learning

*School insurer now licensing second safety program, SafeSchools Alert,
for all member districts*

Cincinnati, Ohio (August 11, 2014) – [Scenario Learning](#), developer of safety and compliance solutions for schools and workplaces, announces that the Washington Schools Risk Management Pool (WSRMP) has expanded its partnership, purchasing the [SafeSchools Alert Incident Reporting System](#) for its 84 member districts. Member districts may now use the program free of charge.

WSRMP is a self-insured pool that provides insurance coverage and services to Washington's public schools, helping to reduce losses and liability exposure. WSRMP has been a longstanding customer of Scenario Learning, licensing its award-winning [SafeSchools Online Staff Training System](#) in 2011 for its member districts. The success of the SafeSchools Training program with member districts precipitated WSRMP to offer a second Scenario Learning program that could help member districts with bullying, harassment, and intimidation, an important statewide concern.

The SafeSchools Alert Incident Reporting System allows students, staff, and parents to confidentially report safety concerns, including bullying, harassment, and intimidation to administrators 24/7 via phone, text, email, and website. Every tip received is immediately logged in a district's custom Alert system, allowing administrators and staff members to investigate, track, and manage incidents to resolution.

According to Joanne Dickinson, Compliance Officer for Monroe Public Schools in Washington, "The SafeSchools Alert System lets us respond immediately to reported instances of HIB. We can easily compile data and inform all staff members, and most importantly, the system allows us to provide a safe environment for staff and students!"

SafeSchools Alert has been customized for the state of Washington and includes an HIB Incident Reporting Form that complies with WA HB 2801. This legislation includes regulations that minimize the threats of harassment, intimidation, and bullying in schools.

"We applaud WSRMP for their commitment to increasing school safety, and for helping their member districts comply with important bullying legislation," said Scenario Learning CEO Brian Taylor.

MORE

WSRMP member districts that would like to get started with SafeSchools Alert should call 1.800.434.0154 or email info@safeschools.com.
